Sir:

Prior to Examination of the above captioned application and in response to the Office communication of February 11, 2003, please enter the following amendments.

#### AMENDMENTS

##### In the specification:

Please replace the previously provided specification with the enclosed substitute specification. The enclosed substitute specification differs from the originally filed specification only by inclusion of SEQ ID NOs. next to each of the delineated sequences in the specification. As such, these changes introduce no new matter to the application.

In accordance with notice of the USPTO of January 31, 2003 regarding amendment format to the specification, which states in part:
